

心理学とジェンダーの百科事典・全 4 巻 The SAGE Encyclopedia of Psychology and Gender

Four Volume Set

Edited by **Kevin L. Nadal** - *John Jay College of Criminal Justice,
City University of New York, LaGuardia Community
College-CUNY, Teacher's College, Columbia University, Michigan
State University*

The SAGE Encyclopedia of Psychology and Gender is an innovative exploration of the intersection of gender and psychology--topics that resonate across disciplines and inform our everyday lives. This encyclopedia looks at issues of gender, identity, and psychological processes at the individual as well as the societal level, exploring topics such as how gender intersects with developmental processes both in infancy and childhood and throughout later life stages; the evolution of feminism and the men's movement; the ways in which gender can affect psychological outcomes and influence behavior; and more. With articles written by experts across a variety of disciplines, this encyclopedia delivers insights on the psychology of gender through the lens of developmental science, social science, clinical and counseling psychology, sociology, and more.

This encyclopedia provides librarians, students, and professionals with ready access to up-to-date information that informs some of today's key contemporary issues and debates. A sample of questions answered: *What is gender nonconformity? What are some of the evolutionary sex differences between men and women? How does gender-based workplace harassment affect health outcomes? How are gender roles viewed in different cultures? What is third-wave feminism?*

Christianity

(The Library of Essays on Sexuality and Religion)

Edited by Stephen Hunt

Routledge - Nov 2010, 536 pages,
Hardback: ISBN 9780754629207 ¥49,590

For two millennia Christianity has embraced fairly consistent views of human sexuality. Today, there exist more varied outlooks on the subject. This volume on Christianity in the The Library of Essays on Sexuality and Religion series overviews the contrasting Christian perceptions of sexuality. Part 1 includes a number of previously published articles that are theological in nature and present biblical interpretations of sexuality. Here, several Christian voices are permitted to speak from their varied perspectives, both conservative and liberal. Part 2 features contributions focusing on the Christian tradition of celibacy and asceticism. Part 3 surveys scholarly work emphasising the relationship between sexuality, gender and patriarchy. Part 4 offers academic interpretations of Christian expressions of sexuality through the mediums of worship, ritual and the sacraments. The final part peruses contemporary contestations of conventional Christian views. This is undertaken by presenting articles examining views of gay sexuality, assisted human reproduction and priestly celibacy.

Constitutions and Gender

(Research Handbooks in Comparative Constitutional Law series)

Edited by Helen Irving

Edward Elgar - June 2017, 560 pages, Hardcover,
ISBN 9781784716950 ¥38,700

The idea that constitutions are gendered is not new, but its recognition is the product of a revolution in thinking that began in the last decades of the twentieth century. As a field, it is attracting scholarly attention and influencing practice around the world. This timely Handbook features contributions from leading pioneers and younger scholars, applying a gendered lens to constitution-making and design, constitutional practice and citizenship, and constitutional challenges to gender equality rights and values.

Offering cutting-edge perspective on the constitutional text and record of multiple jurisdictions, from long-established to newly emerging democracies, *Constitutions and Gender* portrays a profound shift in our understanding of what constitutions stand for and what they do. Its central insight is that democratic constitutions must serve the needs and aspirations of all the people, and constitutional legitimacy requires opportunities for participation in both the fashioning and functioning of a country's constitution.

This challenging assessment is of relevance to scholars and practitioners of law and politics, and gender and feminism as well as practitioners and advisers involved in constitution-making.

Education and Sexualities

(Major Themes in Education)

Edited by Peter Aggleton

Routledge - Aug 2016, 1,538 pages, 14
B/W illus.

Hardback ISBN 9781138827431 ¥217,720

Both from the point of view of the experiences of different groups of students, and also with respect to the form that education about sexuality, sex, and relationships should take, education and sexuality raises complex questions and provokes heated—sometimes furious—debate. This four-volume collection offers an authoritative overview of key issues within this rapidly developing field. Under the editorship of Peter Aggleton (editor-in-chief of the international journal, *Sex Education*), the collection covers a wide range of contemporary issues and concerns, including: the sexualities curriculum; 'politics and pleasure'; classroom processes and dynamics; sexual and gender diversity in the classroom; gender and sexual violence in schools and colleges; and bullying, victimization and abuse. Special attention is also given to enduring topics, such as the content and context of sexuality education; the age at which it should take place; faith and religion; politics and political controversies; and the science and ethics of sexualities education.

With a comprehensive introduction written by Peter Aggleton, alongside section introductions prepared by well known scholars within the field, *Education and Sexualities* is a key addition to Routledge's Major Themes in Education series. It is destined to be valued by educationalists and scholars working in related areas as a vital one-stop research tool.

Feminism Four Volume Set

(Series: Sage Benchmarks in Culture and Society)

Edited by Mary Evans - London School of
Economics & Political Science

SAGE Publishing - Feb 2017, 1168 pages,
Hardback ISBN 9781473915985 ¥156,030

The last forty years have seen a remarkable and sustained exploration of questions surrounding about gender and gender relations. Departments of women's studies, feminist studies, gender studies exist throughout the global north with considerable overlap between their curriculum but all exploring, in different ways, the difference that feminist politics, a politics of the public space, have made.

At its heart, this major work examines the central idea that feminism, as a politics of the public space, is an essential aspect of democratic society. The four volumes are organised to reflect and emphasise the repetition of themes within feminism and the cross-over between locations (whether geographical or intellectual) where feminism is discussed.

Volume One: The Imagination Feminism

Volume Two: Making Feminism

Volume Three: Locations of Feminism

Volume Four: Feminist Futures

Feminism

Past, Present and Future Perspectives

by Josefa Ros Velasco

Nova Science - July 2017, 350 pages, Hardcover,
ISBN 9781536120370 ¥42,220

Presently, our concern for the social, political and economic situation of women remains as valid as it was in the last century. Despite the progress made worldwide, we continue to witness a reality in which gender issues generate injustice, lack of freedom and violation of human rights. Researchers constantly strive to analyze women phenomena and denounce its consequences in the attempt to achieve an egalitarian world in which differences are understood and respected. This book is one of the fruits of such efforts. Scholars interested in women's issues have joined in this volume in order to register, through their work, a commitment to progress towards a better society. With this work, the authors attempt to promote the voice of women who, even in the twenty-first century, feel

deprived of their well-deserved security. At the same time, they attempt not only to keep alive the awareness about women's situation, but also create an academic meeting point that shows the most current areas of research around women's issue. Through this collaboration, the authors hope to achieve a review of contemporary approaches to women's studies. It is for all the above that they have entitled this book *Feminism: Past, Present, and Future Perspectives*, because the authors are going to address how humanity is coping with the proposals of the last century. The authors want to show the most current points of view on women's issues through researches that are taking place in different geographic places, thanks to a procedure based on the case studies and methods. Finally, they will attempt to clarify what the future holds for women and state their demands firsthand.

Gender: Macmillan Interdisciplinary Handbooks. 10 Volumes

(Series: Macmillan Interdisciplinary Handbooks)

Edited by Renée C. Hoogland, Nicole Fleetwood, & Iris van der Tuin

Gale/Cengage - Mar 2016, 4500 pages, Hardcover ISBN 978-0028663159

¥312,120

The Macmillan Interdisciplinary Handbooks: Gender series serves undergraduate college students who have had little or no exposure to Gender Studies, as well as the curious lay reader. Following the Primer, which introduces the field of study, as well as the topics of the remaining 9 volumes plus a selection of subjects that will not receive full volume treatment (e.g., new media, music, disability), each handbook ushers the reader into a subfield of Gender Studies (see the list of titles, below) and explores twenty to thirty topics in that subfield. Every chapter in each volume, all newly commissioned studies prepared by academic experts, offers an annotated bibliography/research guide to encourage students to explore the topics further, using vehicles such as film or the arts to facilitate understanding of issues at the heart of the discipline, for example, fashion, health, masculinities. Each chapter ends with a summary of the concepts discussed. Each volume is edited by an academic subject specialist.

Gender and the Media

Edited by Kaitlynn Mendes

Routledge - Aug 2016, 4 vols/1,638 pages, 29 B/W illus. Hardback ISBN

9781138827516 **¥217,000**

Scholars have long recognized the media's role in shaping and reflecting the way we see the world, ourselves, and others. In particular, they have understood that 'the media' plays a vital part in the policing and construction of gender. Moreover, as new types of media proliferate, and become increasingly important in our daily lives, addressing the sometimes difficult questions surrounding the relationship between gender and the media is more important than ever.

Now, this new four-volume collection from Routledge's acclaimed *Critical Concepts in Media and Cultural Studies* series enables users readily to access and make sense of the essential texts of gender-and-media scholarship. The collection is organized into four parts. Volume I ('Body Counts') assembles research on women's absence in a range of media from around the world. Volume II ('Representing Gender') gathers together crucial texts on gender representations and stereotypes in the media. Volume III ('Gender and Media Uses'), meanwhile, brings together the best research which, rather than surveying what the media

does to people, explores how they use, navigate, and contest it. The final volume ('Occupational Status, Experience, and Ownership') presents key research which seeks to examine where men and women are placed in media organizations, how they experience these positions, and what impact they might have on media content.

Fully indexed and with an introduction newly written by the editor, *Gender and the Media* is an indispensable reference resource for researchers and students.

Gender and Popular Culture. 4 Vols (Series: *Critical Concepts in Media and Cultural Studies*)

Edited by Katie Milestone & Anneke Meyer

Routledge - Nov 2017, 1736 pages,

Hardcover,

ISBN 9781138848436 **ca. ¥235,460**

The interconnections of gender and popular culture are multiple and varied, and serious scholarly work that examines gender through the lens of popular culture—and vice versa—is of central and growing significance in the academy. This is not only because battles about gender roles, rights, and ideologies are often fought in popular-cultural forms, but also because there is a growing realization that gender inequality stubbornly persists despite the existence of formal legal parity in many jurisdictions.

Now, this timely new four-volume collection from Routledge's *Critical Concepts in Media and Cultural Studies* series brings together a well-considered balance of foundational and cutting-edge scholarship. With a focus on examples drawn from digital culture, fashion, music, mass and new media—and an intersectional approach to gender—*Gender and Popular Culture* provides a comprehensive and exciting 'one-stop' compendium. With a full index and introductions newly written by the editors, it is an indispensable reference resource for researchers and students.

Gender and Sexuality in Islam

Edited by Omnia El Shakry

Routledge - Apr 2016, 4 Vols/1628 pages, Hardback ISBN 9781138854123 **¥217,000**

Exploring the multifaceted nature of gender and sexuality within Islamic societies in a trans-disciplinary and trans-regional fashion, this collection addresses the following questions: What are the principal methodologies for studying gender and sexuality in Islam? What is Islamic feminism? How do we understand the role of gender in the Islamic revival movements that have emerged since the last quarter of the twentieth century? How have historical forces and political projects—colonialism, nationalism, and modernity—constituted gender relations? How have sexual ideologies and practices transformed in Muslim majority societies in the modern era? What is the relationship between the global circulation of LGBTQ identities and queer and sexual counter-publics in the Islamic world?

Gender and Sexuality in Islam highlights methodologically innovative work while covering an expansive geographical range that includes the Middle East and North Africa, Sub-Saharan Africa, Central, South and Southeast Asia, and Europe and North America. The volumes cover: Gender and the Ethical Subject; Gender, Empire, and Nation; Sexualities, Intimacy, and the Body; and Gender, Sexuality, and Representation. The set will be of use to scholars, students, and general readers.

Gender Studies

Bloomsbury Academic Collections

(Series: Gender Studies: Bloomsbury Academic Collections)

Bloomsbury Academic - Oct 2016, 9 Vols., Hardcover, ISBN 9781474280754

¥190,940

These nine books, here reprinted as facsimile editions, from our imprints The Athlone Press, Cassell and Continuum cover a range of aspects of studies on gender and sexuality.

Spanning from the representation of homosexuality in literature to the way we perceive and teach gender, from the hidden lives of lesbians and gays in the past to the study of transgender people, this collection offers a wide-ranging perspective on gender and sexuality studies.

All titles are available as set or as individual volumes. Titles include:

Britannia's Glory: History of Twentieth-Century Lesbians by Emily Hamer

Gendermaps: Social Constructionism, Feminism and Sexosophical History by John Money

Homosexuality and Literature by Jeffrey Meyers

Myth of the Modern Homosexual: Queer History and the

Search for Cultural Unity by Rictor Norton

Portraits to the Wall: Historic Lesbian Lives Unveiled by Rose Collis

Reclaiming Genders: Transsexual Grammars at the Fin de Siècle by Kate More and Stephen Whittle

Sakhiani: Genealogy of Lesbian Desire by Giti Thadani

Seduced and Abandoned: Essays on Gay Men and Popular Music by Richard Smith

What is She Like: Lesbian Identities from the 1950s to the 1990s by Rosa Ainley

Handbook of Gender and Sexuality in Psychological Assessment

by Virginia Brabender & Joni L Mihura

Routledge - Feb 2016, 730 pages, Hardcover, ISBN 9781138782044 **¥52,010**

Handbook of Gender and Sexuality in Psychological Assessment brings together two interrelated realms: psychological assessment with gender and sexuality. This handbook aids in expanding the psychological assessors' knowledge and skill when considering how gender and sexuality shapes the client's and the assessor's experiences. Throughout the six sections, gender and sexuality are discussed in their relation to different psychological methods of assessment; various psychological disorders; special considerations for children, adolescents, and older adults; important training and ethical considerations; as well as several in-depth case discussions.

Law and Sexuality

(Critical Concepts of Law)

Edited by Rosie Harding

Routledge - Apr 2016, 1,616 pages, 5 B/W Illus.

Hardback ISBN 9780415717977 **¥217,720**

Law and Sexuality has rapidly developed as a distinct area of critical and socio-legal scholarship over the last two decades. In that time, it has blossomed from a small community into a global field of enquiry, with contributions at the cutting edge of academic legal research around the world. A key reason for its vigorous growth has been the rapid pace of legal change in recent years, with many Western societies providing or enhancing legal recognition of lesbian, gay, bisexual, and

transgender ('LGBT') individuals, relationships, and lives. Indeed, many jurisdictions have recently passed progressive anti-discrimination legislation enacting formal equality for LGBT individuals in education, the workplace, or in access to goods and services. And more and more states are developing recognition frameworks for same-sex relationships and LGBT families. In other jurisdictions, however, there has been a parallel rise in anti-gay measures, including constitutional amendments banning gay marriage in several US states and the high-profile 'Kill the Gays' Bill in Uganda. This evolving legal cartography poses many interesting questions and dilemmas for scholars of law and sexuality, offering rich resources for insightful work.

The Marriage and Family Experience Intimate Relationships in a Changing Society 13th Edition

by Bryan Strong & Theodore F. Cohen

Wadsworth Publishing - June 2016, 616 pages, Hardcover: ISBN 9781305503106 **¥49,740**

THE MARRIAGE & FAMILY EXPERIENCE: INTIMATE RELATIONSHIPS IN A CHANGING SOCIETY brings together all elements of the course -- including intimate relationships, family policy, and family issues. Balancing an academic and more functional approach, the authors draw from research to present a sociological and family studies base enhanced by perspectives from anthropology, history, psychology, journalism, literature, economics, and gender studies.

Available with MindTap, a digital learning experience, the book explores recent research on topics such as adoptive parenting, the transgender experience, childbearing patterns, gay and lesbian families, communication and conflict resolution, and the influence of popular culture. Real-life examples and a focus on self-assessment and reflection make the book accessible and encourage students to think for themselves. The thirteenth edition retains a progressive approach to diversity yet remains rooted in a positive, pro-family perspective.

N.H., The Ladies Dictionary (1694)

By John Considine, & Sylvia Brown

Routledge - Apr 2010, 842 pages, Hardback: ISBN 9780754651444 **¥52,010**

The Ladies dictionary, being a general entertainment for the fair-sex was published on 19 March 1694 by John Dunton. No compiler was named on the title page, but the dedication by 'the author' addressed 'to the Ladies, Gentlewomen, and Others, of the Fair-Sex' was signed 'N. H.' The book offers around 1950 lexical and encyclopaedic entries, the great majority excerpted either verbatim or with some degree of abridgement or adaptation from other published books. It was the first substantial reference book to be published in England with women as its principal target audience, and was arguably the first alphabetically-arranged encyclopaedia to be published in English. The editor's introduction in this edition starts with an overview of the publisher John Dunton, and goes on to discuss the compilers of LD; its sources; its editing, printing and proof-reading; and its advertising, publication and afterlife. It concludes with lists of primary and secondary sources (including all the identified sources of LD). The reproduction of the dictionary that follows is from the Robert H. Taylor collection at Princeton. Because LD is irregularly alphabetized, the reproduction is followed by a new index of entries in strict alphabetical order, with their sources identified.

The Palgrave Handbook of Feminism and Sport, Leisure and Physical Education

Edited by Louise Mansfield, Jayne Caudwel, Belinda Wheaton & Rebecca Watson

Palgrave Macmillan - Sept 2017, 840 pages, Hardcover ISBN 9781137533173 **¥46,490**

This handbook provides an original, comprehensive and unparalleled overview of feminist scholarship in sport, leisure and physical education. It captures the complexities of past, current and future developments in feminism while highlighting its theoretical, methodological and empirical applications. It also critically engages with policy and practice issues for women and girls taking part in sport and leisure pursuits and in physical education provision.

The Palgrave Handbook of Feminism and Sport, Leisure and Physical Education is international in scope and includes the work of established and emerging feminist scholars. It will be of interest to students and scholars across a range of disciplines, including sociology, gender studies, sport sciences, and sports business and management.

The Palgrave Handbook of Sexuality Education

Edited by Louisa Allen & Mary Lou Rasmussen
Palgrave Macmillan - Oct 2016, 829 pages, Paperback, ISBN 9781349680054 **¥62,730**

This authoritative, state-of-the-art Handbook provides an authoritative overview of issues within sexuality education, coupled with ground-breaking discussion of emerging and unconventional insights in the field. With 32 contributions from 12 countries it definitively traces the landscape of issues, theories and practices in sexuality education globally. These rich and multidisciplinary essays are written by renowned critical sexualities studies experts and rising stars in this area and grouped under four main areas:

Global Assemblages of Sexuality Education

Sexualities Education in Schools

Sexual Cultures, Entertainment Media and Communication Technologies

Re-animating What Else Sexuality Education Research Can Do, Be and Become

Importantly, this Handbook does not equate sexuality education with safer sex education nor understand this subject as confined to school based programmes. Instead, sexuality education is understood more broadly and to occur in spaces as diverse as community settings and entertainment media, and via communication technologies. It is an essential and comprehensive reference resource for academics, students and researchers of sexuality education that both demarcates the field and stimulates critical discussion of its edges.

The Palgrave Handbook of Women and Gender in Twentieth-Century Russia and the Soviet Union

Edited by Melanie Illic

Palgrave Macmillan - July 2017, 847 pages, Hardcover, 9781137549044 **¥40,600**

This handbook brings together recent and emerging research in the broad areas of women and gender studies focusing on pre-revolutionary Russia, the Soviet Union and the post-Soviet Russian Federation. For the Soviet period in particular, individual chapters extend the geographic coverage of the book beyond Russia itself to examine women and gender relations in the Soviet 'East' (Tatarstan), Central Asia (Kazakhstan, Tajikistan and Uzbekistan) and the Baltic States

(Estonia, Latvia and Lithuania). Within the boundaries of the Russian Federation, the scope moves beyond the typically studied urban centres of Moscow and St Petersburg to examine the regions (Krasnodar, Novosibirsk), rural societies and village life. Its chapters examine the construction of gender identities and shifts in gender roles during the twentieth century, as well as the changing status and roles of women vis-a-vis men in Soviet political institutions, the workplace and society more generally.

This volume draws on a broad range of disciplinary and methodological approaches currently being employed in the academic field of Russian studies. The origins of the individual contributions can be identified in a range of conventional subject disciplines – history, literature, sociology, political science, cultural studies – but the chapters also adopt a cross- and inter-disciplinary approach to the topic of study. This handbook therefore builds on and extends the foundations of Russian women's and gender studies as it has emerged and developed in recent decades, and demonstrate the international, indeed global, reach of such research

Religion and LGBTQ Sexualities Critical Essays

By Stephen Hunt

Routledge - June 2015, 760 pages, Hardback: ISBN 9781472447722 **¥51,000**

This compiled and edited collection engages with a theme which is increasingly attracting scholarly attention, namely, religion and LGBTQ sexuality. Each section of the volume provides perspectives to understanding academic discourse and wide-ranging debates around LGBTQ sexualities and religion and spirituality. The collection also draws attention to aspects of religiosity that shape the lived experiences of LGBTQ people and shows how sexual orientation forges dimensions of faith and spirituality. Taken together the essays represent an exploration of contestations around sexual diversity in the major religions; the search of sexual minorities for spiritual 'safe spaces' in both established and new forms of religiosity; and spiritual paths formed in reconciling and expressing faith and sexual orientation. This collection, which features contributions from a number of disciplines including sociology, anthropology, psychology, history, religious studies and theology, provides an indispensable teaching resource for educators and students in an era when LGBTQ topics are increasingly finding their way onto numerous undergraduate, post-graduate and profession orientated programmes.

Religious Studies: Religion, Sexuality and Gender

(Bloomsbury Academic Collections)

(Series: Religious Studies: Bloomsbury Academic Collections)

Bloomsbury Academic - Oct 2016, 9 Vols, Hardcover ISBN 9781474293075 **¥190,940**

This set on religion's relationship with gender and sexuality contains nine facsimiles from our imprints T&T Clark, Mowbray, Sheffield Academic Press and Continuum.

Offering a broad overview over subjects such as feminist theology, the role of sex within the church and religious cultures, the relationship between women and organised religion, and the feminisation of religion, these titles are a valuable resource for students and scholars studying religious studies. All titles are available as set or as individual volumes. Titles include: Making the Difference: Gender, Personhood and Theology by Elaine Graham; Religion and Sexuality by Michael A. Hayes, Wendy Porter and David Tombs; That They May Be Many: Voices of Women, Echoes of God by Ann

Kirkus Wetherilt; Religious Feminism and the Future of the Planet: A Buddhist-Christian Conversation by Rita M. Gross and Rosemary Radford Ruether; Through the Earth Darkly: Female Spirituality in Comparative Perspective by Jordan Paper; Bodies, Lives, Voices: Gender in Theology by Janette Gray, Kathleen O'Grady and Ann L Gilroy; From Women's Experience to Feminist Theology by Linda Hogan; Civilizing Sex: On Chastity and the Common Good by Patrick Riley; An A-Z of Feminist Theology by Lisa Isherwood and Dorothea McEwan.

Rhetoric and Communication Perspectives on Domestic Violence and Sexual Assault

Policy and Protocol Through Discourse
(Routledge Studies in Rhetoric and Communication)

By Various

Routledge - Dec 2016, 15 Vols/6142 pages,
Hardback ISBN 9781138237100 **¥29,630**

This 15-volume set of previously out-of-print titles examines many aspects of women and business. Encompassing such as areas as women's access to managerial positions, positions within trade unions, inequality, family life, role in family businesses and entrepreneurship, it is a remarkable collection and a vital business reference source.

This book brings rhetorical, legal, and professional communication perspectives to the discourse surrounding policy-making efforts within the United States around two types of violent crimes against women: domestic violence and sexual assault. The authors propose that such analysis adds to our understanding of rhetorical concepts such as kairos, risk perception, moral panic, genre analysis, and identity theory. Overall, the goal is to demonstrate how rhetorical, legal, and professional communication perspectives work together to illuminate public discourse and conflict in such complicated and ongoing dilemmas as how to aid victims of domestic violence and sexual assault, and how to manage the offenders of such crimes—social and cultural problems that continue to perplex the legal system and the social environment.

The Routledge History of Gender, War, and the U.S. Military

Edited by Kara D. Vuic

Routledge - Aug 2017, 352 pages, 10 B/W Illus.
Hardback ISBN 9781138902985 **¥31,440**

The Routledge History of Gender, War, and the US Military is the first examination of the interdisciplinary, intersecting fields of gender studies and the history of the United States military. In twenty-one original essays, the contributors tackle themes including gendering the 'other', gender and war disability, gender and sexual violence, gender and American foreign relations, and veterans and soldiers in the public imagination, and lay out a chronological examination of gender and America's wars from the American Revolution to Iraq. This important collection is essential reading for all those interested in how the military has influenced America's views and experiences of gender.

Routledge Library Editions: Education and Gender

By Various

Routledge - May 2017, Hardback

ISBN 9781138737365 **¥425,770**

Reissuing works originally published between 1945 and 1998, this collection of books on the intersection of gender and education looks at various issues within schools and teaching, from careers of primary school teachers to the experience of single-sex schools, to adult learning provision for women. Some of the books included here look at research undertaken into the issues of gender within education while others consider an individual aspect, such as the education of women in developing countries, or the construction of masculinity. This set offers a wide spread of coverage on a key topic in education.

Routledge Library Editions: Women and Business

By Various

Routledge Dec 2016, 15 Vols/6142 pages,
Hardback ISBN 9781138237100 **¥29,630**

This 15-volume set of previously out-of-print titles examines many aspects of women and business. Encompassing such as areas as women's access to managerial positions, positions within trade unions, inequality, family life, role in family businesses and entrepreneurship, it is a remarkable collection and a vital business reference source.

The SAGE Encyclopedia of LGBTQ Studies

Edited by Abbie E. Goldberg

SAGE Publishing - June 2016, 3 Vols/1480
pages, Hardcover ISBN 9781483371306
¥106,440

This far-reaching and contemporary new Encyclopedia examines and explores the lives and experiences of Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) individuals, focusing on the contexts and forces that shape their lives. The work focuses on LGBTQ issues and identity primarily through the lenses of psychology, human development and sociology, emphasizing queer, feminist and ecological perspectives on the topic, and addresses questions such as:

- * What are the key theories used to understand variations in sexual orientation and gender identity?
- * How do Gay-Straight Alliances (GSA) affect LGBTQ youth?
- * How do LGBTQ people experience the transition to parenthood?
- * How does sexual orientation intersect with other key social locations, such as race, to shape experience and identity?
- * What are the effects of marriage equality on sexual minority individuals and couples?

Top researchers and clinicians contribute to the 400 signed entries, from fields such as:

- * Psychology
- * Human Development
- * Gender/Queer Studies
- * Sexuality Studies
- * Social Work
- * Sociology

The SAGE Encyclopedia of LGBTQ Studies is an essential resource for researchers interested in an interdisciplinary perspective on LGBTQ lives and issues

Routledge Revivals: Women and Gender in Medieval Europe (2006)

An Encyclopedia

Edited by Margaret Schaus

Routledge - June 2017, Hardback

ISBN 9781138054172 **¥47,170**

First published in 2006, *Women and Gender in Medieval Europe* examines the daily reality of medieval women from all walks of life in Europe between 450 CE and 1500 CE. This reference work provides a comprehensive understanding of many aspects of medieval women and gender, such as art, economics, law, literature, sexuality, politics, philosophy and religion, as well as the daily lives of ordinary women. Masculinity in the middle ages is also addressed to provide important context for understanding women's roles. Additional up-to-date bibliographies have been included for the 2016 reprint.

Written by renowned international scholars and easily accessible in an A-to-Z format, students, researchers, and scholars will find this outstanding reference work to be a valuable resource on women in Medieval Europe.

The Wiley Blackwell Encyclopedia of Gender and Sexuality Studies

(Wiley Blackwell Encyclopedias in Social Sciences)

Edited by Nancy Naples, Renee C. Hoogland, Maithree Wickramasinghe, & Wai Ching Angela Wong

May 2016, 5 Vols/2800 pages, Hardcover, ISBN 9781405196949 **¥182,680**

The Wiley Blackwell Encyclopedia of Gender and Sexuality Studies provides an invaluable resource for students and scholars and students in the overlapping areas of gender, feminist, queer, masculinity, and sexuality studies; and acknowledges the growing interdisciplinary impact of these fields.

Edited by an internationally recognized team of scholars drawn from disciplines spanning the social sciences and humanities, selections feature interdisciplinary perspectives on topics ranging from agriculture, art, and culture to violence, the workplace, and much more, with attention paid to the identification and inclusion of feminist authors and activists, non-governmental organizations, and key theories, concepts, texts, and activism on behalf of women's rights, gender equality, and the rights of sexual minorities.

Combining accessibility with the most cutting edge international and interdisciplinary research, The Wiley Blackwell Encyclopedia of Gender and Sexuality Studies provides a unique and definitive reference to research from across the social sciences.

The Transgender Handbook

A Guide for Transgender People, Their Families and Professionals

Edited by Walter Pierre Bouman and Jon Arcelus
Nova Science - July 2017, 424 pages, Hardback
ISBN 9781536118438 **¥49,570**

This handbook is written for transgender people, their families and friends; for professionals who in their day-to-day job may encounter transgender people; and for students, teachers, educators, academics, and members of the public at large with an interest in transgender people. This handbook gives an in-depth overview on a wide spectrum of issues encountered

by transgender people, from childhood to later on in life. Key topics addressed include medical and surgical treatments, access to transgender health care, sexuality, mental health issues, fertility, education, and employment. This practical guide is written in a clear and concise manner by more than 40 international specialists in the field of transgender health and well-being. This essential text is extensively referenced and illustrated, and informs the reader on a broad range of important gender-affirming issues.

Women and Children as Victims and Offenders: Background, Prevention, Reintegration: Suggestions for Succeeding Generations

Edited by Helmut Kury, Slawomir Redo, & Evelyn Shea

Springer - Sept 2016, Hardcover
ISBN 9783319291109 **¥40,600**

This work compiles experiences and lessons learned in meeting the unique needs of women and children regarding crime prevention and criminal justice, in particular the treatment and social reintegration of offenders and serves as a cross-disciplinary work for academic and policy-making analyses and follow-up in developing and developed countries. Furthermore, it argues for a more humane and effective approach to countering delinquency and crime among future generations. In a world where development positively depends on the rule of law and the related investment security, two global trends may chart the course of development: urbanization and education. Urbanization will globalize the concepts of "justice" and "fairness"; education will be dominated by the urban mindset and digital service economy, just as a culture of lawfulness will. This work looks at crime prevention education as an investment in the sustainable quality of life of succeeding generations, and at those who pursue such crime prevention as the providers of much-needed skills in the educational portfolio. Adopting a reformist approach, this work collects articles with findings and recommendations that may be relevant to domestic and international policymaking, including the United Nations Studies and their educational value for the welfare of coming generations. The books address the relevant United Nations ideas by combining them with academic approaches. Guided by the Editors' respective fields of expertise, and in full recognition of academic freedom and "organized scepticism", it includes contributions by lawyers, criminologists, sociologists and other eminent experts seeking to bridge the gap between academic and policy perspectives, as appropriate, against the international background, including the United Nations developments.

Women in American History A Social, Political, and Cultural Encyclopedia and Document Collection

Edited by Peg A. Lamphier & Rosanne Welch
ABC-CLIO - Jan 2017, 4 Vols/1828 pages,
Hardcover, ISBN 9781610696029 **¥76,640**

This four-volume set documents the complexity and richness of women's contributions to American history and culture, empowering all students by demonstrating a more populist approach to the past.

- Provides significantly more detail than typical reference works on women's history and culture, enabling readers to better appreciate the contributions of women of all socio-cultural statuses

- Covers the astounding range of American women's experience, including women of various economic and racial statuses, religious affiliations, political and ideological identifications, and sexualities
- Includes a significant selection of primary documents, thereby combining the educational power of secondary and primary literature to create a richer learning experience for users

Women in the Classical World (Critical Concepts in Classical Studies) 1st Edition

Edited by Sheila Dillon & Sharon L. James
Routledge - Jan 2017, 4 Vols/1,580 pages,
231 B/W Illus. Hardback: ISBN
9781138890527 **¥179,200**

The study of women in Graeco-Roman antiquity has a long history but many recent developments—prominent among which are the rise of feminist theory and theoretical and interpretive work in material culture—have transformed approaches to the study of women's lived experiences in antiquity. This four-volume collection brings together the best scholarship that has both established the field and moved it forward.

The articles collected here are interdisciplinary, bringing into conversation the full range of evidence for women in the classical world: historical, literary, legal, medical, inscriptional, mythic, artistic (e.g., sculpture, frescoes, paintings, terracottas), and the material found in archaeological excavations, including evidence from burials, finds from houses, and the remains of food processing and textile production. Ideology is relevant to each volume, as both Greek and Roman societies had highly developed ideologies and cultural ideals that exercised profound and pervasive influence over women's lives. Social class is implicated in these ideologies in ways that are made evident in every genre of source material.

Women in the Classical World, edited by two of the leading scholars in the field, presents in one reference source a complete picture of women in Ancient Greece and Rome, based on a vast array of sources. This material has not been collected together in one place before.

Women in the Medieval World (Critical Concepts in Women's History)

Edited by Cordelia Beattie
Routledge - Feb 2017, 1,420 pages, 12
B/W Illus.

ISBN Hardback: 9780415739566 **¥193,530**

The study of medieval women has flourished over the last forty years or so, challenging the idea of a universality of experience among women. This new collection of major works from Routledge addresses the different ways in which medieval women have been studied by looking at religious and secular women, women according to their stage in the life cycle, and according to their social status. Important theoretical issues are also tackled, such as the applicability of terms such as misogyny, anti-feminism, and feminism, the cultural construction of the body, and the periodization of women's history.

Women's Intercultural Performance

Originally published in paperback 2000

By Julie Holledge, & Joanne Tompkins

Routledge - Jan 2017, 240 pages, Hardback

ISBN 9781138162730 **¥24,190**

This is the first in-depth examination of contemporary intercultural performance by women around the world. Contemporary feminist performance is explored in the contexts of current intercultural practices, theories and debates.

Holledge and Tompkins provide ways of thinking about and analysing contemporary performance and representations of the performing, female, culturally-marked body. The book includes discussions of:

- * ritual performance by women from Central Australia and Korea
 - * the cultural exchange of A Doll's House and Antigone
 - * plays from Algeria, South Africa and Ghana
 - * the work of the Takarazuka revue company
 - * the market forces that govern the distribution of women and women's performance.
- This is an essential read for anyone studying or interested in women's performance.

Women's Lives around the World: A Global Encyclopedia

Edited by Susan Shaw, Patti Duncan Ph.D.,
Kryn Freehling-Burton, Nancy Barbour, & Jane
Nichols

ABC-CLIO - June 2017, 4 Vols/1909 pages,
Hardcover, ISBN 9781610697118 **¥76,190**

For millennia, women around the world have shouldered the responsibility of caring for their families. But in recent decades, women have emerged as a major part of the global work force, balancing careers and family life. How did this change happen? And how are societies in developing countries responding and adapting to women's newer roles in society?

This four-volume encyclopedia examine the lives of women around the world, with coverage that includes the education of girls and teens; the key roles women play in their families, careers, religions, and cultures; how issues for women intersect with colonialism, transnationalism, feminism, and established norms of power and control.

Organized geographically, each volume presents detailed entries about the lives of women in particular countries. Additionally, each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women's lives and contributions. Primary source documents include sections of countries' constitutions that are relevant to women and girls, United Nations resolutions and national resolutions regarding women and girls, and religious statements and proclamations about women and girls. The organization of the set enables readers to take an in-depth look at individual countries as well as to make comparisons across countries.
