### Writers and Their Mothers

Ian McEwan, Margaret Drabble, Martin Amis, Rita Dove, Andrew Motion and Anthony Thwaite are among the twenty-two distinguished contributors of original essays to this landmark volume on the profound and frequently perplexing bond between writer and mother. In compelling detail they bring to life the thoughts, work, loves, friendships, passions and, above all, the influence of mothers upon their literary offspring from Shakespeare to the present. Many of the contributors evoke the ideal with fond and loving memories: understanding, selfless, spiritual, tender, protective, reassuring and self-assured mothers who created environments favorable to the development of their children's[...]

### Rare and Exotic Orchids

#### Their Nature and Cultural Significance

Comprising some 28,000 different species, orchids are by far the largest flowering plant family on Earth. Every year, new species are being uncovered in the wild or created by humans, and so this number has only continued to blossom. This book is intended for those who wish to learn about the multifaceted nature of this amazing plant. It covers many different aspects of orchid study, from its cultural history to its evolutionary development and from its first discoveries to ongoing scientific research. No matter your specialty or level of orchid expertise, you can find in this book new and fascinating facts and stories that will make you gasp, laugh, and read on. Through the many[...]
