外在化スペクトラム障害ハンドブック The Oxford Handbook of Externalizing Spectrum Disorders

OXFORD LIBRARY OF PSYCHOLOGY Series

Edited by **Theodore P. Beauchaine**, Professor of Psychology, The Ohio State University,
and **Stephen P. Hinshaw**, Professor of Psychology, University of California, Berkeley

2015年10月出版予定 約544ページ ハードカバー ¥34,580

このハンドブックは、外在化問題行動の原因となる諸要因を発達の諸段階や分析のレベル全域で検討し、発達精神病理学的に明らかにする初めてのものです。ADHD、行為障害、反社会的パーソナリティ障害、児童虐待、薬物乱用、遺伝的・神経的基盤などを含む外在化スペクトラム障害に関する決定版的な参考図書として、広くお勧めいたします。

Recent developments in the conceptualization of externalizing spectrum disorders, including attention-deficit/hyperactivity disorder, conduct disorder, antisocial personality disorder, and substance use disorders, suggest common genetic and neural substrates. Despite this, neither shared vulnerabilities nor their implications for developmental models of externalizing conduct are captured by prevailing nosologic and diagnostic systems, such as the *DSM-5*.

The *Oxford Handbook of Externalizing Spectrum Disorders* is the first book of its kind to capture the developmental psychopathology of externalizing spectrum disorders by examining causal factors across levels of analysis and developmental epochs, while departing from the categorical perspective. World renowned experts on externalizing psychopathology demonstrate how shared genetic and neural vulnerabilities predispose to trait impulsivity, a highly heritable personality construct that is often shaped by adverse environments into increasingly intractable forms of externalizing conduct across development. Consistent with contemporary models of almost all forms of psychopathology, the *Handbook* emphasizes the importance of neurobiological vulnerability and environmental risk interactions in the expression of externalizing behavior across the lifespan. The volume concludes with an integrative, ontogenic process model of externalizing psychopathology in which diverse equifinal and multifinal pathways to disorder are specified.

心理学一般

【大学における心理学教育ハンドブック】

1. Dunn, D.S.

The Oxford Handbook of Undergraduate Psychology Education. (Oxford Library of Psychology) June 2015, 450pp., Hardback (Oxford U.P., USA) ISBN 9780199933815 ¥44,460

The Oxford Handbook of Undergraduate Psychology Education provides psychology educators, administrators, and researchers with up-to-date advice on best teaching practices, course content, teaching methods and classroom management strategies, student advising, and professional and administrative issues.

2. Evans, J.St B.

How to be a Researcher: A Strategic Guide for Academic Success. Sept 2015, 208pp., Hardback (Routledge) ISBN 9781138917309 ¥27,890

(Paperback 9781138917316 ¥6,190)

How to be a Researcher provides a strategic guide to the conduct of a successful research career within a university environment. Based on the author's extensive personal experience, it offers down-to-earth advice, philosophical guidance, and discussions of the political context of academic research.

3. Eysenck, M.

AQA Psychology: AS and A-level Year 1. May 2015, 446pp., Paperback (Psychology Pr.) ISBN 9781138902091 ¥7,120

4. Guerin, B.

How to Rethink Psychology: New Metaphors for Understanding People and Their Behavior. Aug2015, 180pp., Hardback (Routledge) ISBN 9781138916531 ¥27,890

(Paperback 9781138916548 ¥5,880)

【多重および混合研究法ハンドブック】

5. Hesse-Biber, S.N. & R.B. Johnson

The Oxford Handbook of Multi- and Mixed-Methods Research Inquiry. (Oxford Library of Psychology) April 2015, 784pp., Hardback (Oxford U.P., USA) ISBN 9780199933624 ¥34,580

This Handbook provides the most comprehensive and up-to-date presentation on multi- and mixed-methods research available. Researchers, faculty, graduate students, and policy makers will appreciate the exceptional, timely, and critical coverage in this Handbook, which deftly addresses the interdisciplinary and complex questions that a diverse set of research communities are facing today.

6. Horst, J.S.

The Psychology Research Companion: From Student Project to Working Life. Sept 2015, 256pp, Hardback (Routledge)

ISBN 9781138785311 ¥27,890

(Paperback 9781138785328 ¥6,190)

【心理学およびメンタルヘルスにおける倫理】

7. Koocher, G. & P. Keith-Spiegel

Ethics in Psychology and the Mental Health Professions: Standard and Cases, 4th Edition. Dec 2015, 672pp., Hardback (Oxford U.P., USA) ISBN 9780199957699 ¥15,810

The completely updated fourth edition of *Ethics in Psychology and the Mental Health Professions* considers many of the ethical questions and dilemmas that mental health professionals encounter in their everyday practice, research, and teaching.

8. Matthews, J.R. & C.E. Walker (eds)

Your Practicum in Psychology: A Guide for Maximizing Knowledge and Competence, Second Edition. May 2015, 312pp., Softcover (American Psychological Association)

ISBN 9781433820007 ¥7,890

【性およびジェンダー心理学ハンドブック】

9. Richards, C. & M.J. Barker (eds)

The Palgrave Handbook of the Psychology of Sexuality and Gender. April 2015, 476pp., Hardback (Palgrave Macmillan)

ISBN 9781137345882 ¥41,840

The Palgrave Handbook of the Psychology of Sexuality and Gender combines cutting edge research to provide a thorough overview of all the normative - and many of the less common - sexualities, genders and relationship forms alongside psychological and intersectional areas relating to sexuality and gender.

10. Staub, E.

The Roots of Goodness and Resistance to Evil: Inclusive Caring, Moral Courage, Altruism Born of Suffering, Active Bystandership, and Heroism. May 2015, 408pp., Hardback (Oxford U.P., USA) ISBN 9780195382037 ¥11,840

11. Weigel, S. et al. (eds)

A Neuro-Psychoanalytical Dialogue for Bridging Freud and the Neurosciences. June 2015, Approx. 200 p. 24 illus., 9 illus. in color.

Hardcover (Springer) ISBN 9783319176048 ¥22,020

12. Workman, L. & W. Reader

Evolution and Behavior. (Series: Foundations of Psychology) Sept 2015, 186pp., Hardback (Routledge) ISBN 9780415521994 ¥27,890 (Paperback ISBN 9780415522021 ¥5,880)

16. Andrewes, D.

Neuropsychology: From Theory to Practice, 2nd Edition. Sept 2015, 704pp., Hardback (Psychology Pr.) ISBN 9781841697000 ¥43,390 (Paperback 9781841697017 ¥15,490)

The second edition of this comprehensive textbook for students of Neuropsychology gives a thorough overview of the complex relationship between brain and behaviour. With an excellent blend of clinical, experimental and theoretical coverage, it draws on the latest research findings from neuroscience, cognitive neuroscience, neurochemistry, clinical neuropsychology and neuropsychology to provide students with new insights in this fast moving field.

【脳と意識の統一性 - フロイドの最後】

17. Bob, P.

The Brain and Conscious Unity: Freud's Omega. May 2015, 257pp. 13 illus., 1 illus. in color. Hardcover (Springer) ISBN 9781493926992 ¥22,020

In this provocative text, a noted neuroscientist reexamines Freud's posthumously published Project of Scientific Psychology in the light of modern neuroscience. This expanded "thermodynamics of the mind" model includes robust conceptions of the cellular and neural processes that accompany creation of consciousness and memory, their contributions to such conditions as depression, dissociative disorders, and schizophrenia, and implications for practice, from imaging to talk-based therapies to pharmacotherapy. Central to this construct is Freud's proposal of specific "omega" neurons as the most volatile carriers of consciousness between mind and brain, which is applied to current issues regarding complexity and executive functioning. In addition, the book is extensively referenced, allowing readers to investigate these

【脳のルネサンス - ヴェサリウスから現代神経科学へ】

18. Catani, M. & S. Sandrone

Brain Renaissance: From Vesalius to Contemporary Neuroscience. May 2015, 256pp., Hardback (Oxford U.P., USA)

ISBN 9780199383832 ¥11,840

Introduces the fascinating life of Andreas Vesalius, the greatest anatomist of all time. Explains the method of brain dissections in the context of the exploratory spirit that fuelled great explorations of Renaissance. Tells a 500 years story behind some of the most important discoveries in neuroscience. Provides a modern translation from Latin of Vesalius' original book on the brain.

【オックスフォード文化神経科学ハンドブック】

19. Chiao, J. et al. (eds)

The Oxford Handbook of Cultural Neuroscience. (Series: Oxford Library of Psychology) Oct 2015, 432pp., Hardcover (Oxford U.P., USA)

ISBN 9780199357376 ¥34,580

このハンドブックは、文化神経科学の最近の理論的および方法的進歩に焦点をあて、人々の肉体的・精神的健康状態における差異について考察しております。本書では、人々の健康状態を規定する文化的、生物学的、環境的な諸要因の相互作用を検討し、文化的・政治的諸制度に関する政策がどのような結果をもたらすかについて明らかにしております。この分野の研究の現段階を概説することに加えて、各章は精神、脳、行動などの研究への文化神経科学的なアプローチが、どのように社会全体の健康を維持・安定させることに役立つことができるかを示しております。

The first collection of scholarly contributions from the International Cultural Neuroscience Consortium (ICNC), an interdisciplinary group of scholars from epidemiology, anthropology, psychology, neuroscience, genetics, and psychiatry dedicated to advancing an understanding of culture and health using theory and methods from cultural neuroscience.

【電気生理学的方法】

20. Covey, E. & M. Carter (eds)

Basic Electrophysiological Methods. April 2015, 240pp., Paperback (Oxford U.P., USA)

ISBN 9780199939800 ¥10,870

Although not every conceivable technique or variation thereof is covered, much of the information on the selected methods can be generalized. Minimal coverage of basic neuroscience and theory allows the reader to focus on practical information.

【聴覚における時間処理とその障害】

21. Eggermont, J.J.

Auditory Temporal Processing and Its Disorders. April 2015, 328pp., Hardback (Oxford U.P., UK) ISBN 9780198719090 ¥24,790

Starts with basic research chapters using perstimulatory adaptation mechanisms as the basic for more complex temporal processing aspects. Separates pure auditory from potentially auditory.

【ミラーニューロン研究の最前線】

22. Ferrari, P.F. & G. Rizzolatti (eds)

New Frontiers in Mirror Neurons Research. Sept 2015, 408pp., Hardback (Oxford U.P., UK) ISBN 9780199686155 ¥15,490

The discovery of mirror neurons has been a revolution in neuroscience and psychology. Nevertheless, because of their profound impact in life sciences, mirror neurons still raise debates about their origins and functions. This book offers a comprehensive and state of the art overview of the latest advances in mirror neurons research

23. Kirkwood, M.W. (ed)

Validity Testing in Child and Adolescent Assessment: Evaluating Exaggeration, Feigning, and Noncredible Effort. (Series: Evidence-Based Practice in Neuropsychology) Sept 2015, 304pp., Hardback (Guilford)

ISBN 9781462521852 ¥12,840

【前頭葉評価ハンドブック／ペーパー版】

24. MacPherson, S.E. & S. Della Sala

Handbook of Frontal Lobe Assessment.

April 2015, 450pp., Paperback (Oxford U.P., UK) ISBN 9780199669523 ¥13,940

Describes distinct regions of the frontal lobes that each 'taps', allowing clinicians and researchers to select tests that tap different frontal regions, making assessments more focused and less time-consuming.

25. Morgan, J.E. & J.J. Sweet (eds)

Neuropsychology of Malingering Casebook. April 2015, 696pp., Paperback (Psychology Pr.) ISBN 9781138882935 ¥9,290

Expert guidance for clinicians who must address the issue of malingering is provided in a straightforward and well-organized format. To date, there has not been a comparable collection of rich case material relevant to forensic practice in clinical neuropsychology.

26. Schutt, Russell K. et al. (ed.)

Social Neuroscience: Brain, Mind, and Society. 2015, 436pp., Hardback (Harvard U.P.)

ISBN 9780674728974 ¥9,870

【男性の神経心理学】

27. Zaroff, C. M. & R. C. D'Amato (eds)

The Neuropsychology of Men: A Developmental Perspective from Theory to Evidence-based Practice. (Issues of Diversity in Clinical Neuropsychology) May 2015, Approx. 230 p. Hardcover (Springer) ISBN 9781489976147 ¥22,020

This timely text examines normative and pathological brain/behavior connections across the male lifespan, and how these findings can best inform research, intervention, and prevention. Focuses on the uniqueness of male behavior in such disorders as mental retardation and autism, and specific externalizing disorders. Neuropsychological perspective permits investigation into the cause of the male-dominated nature of specific conditions. Concludes with a summary of the uniqueness of male behavior.

動物心理学

【無脊椎動物における社会的認識】

28. Aquiloni, L. & E. Tricarico (eds)

Social Recognition in Invertebrates: The Knowns and the Unknowns. May 2015, Approx. 200 p. 70 illus., 20 illus. in color. Hardcover (Springer) ISBN 9783319175980 ¥26,430

This book uses a wide range of case studies from different invertebrate taxa to describe the numerous forms of social recognition occurring in this large group of animals and traces the evolution of this cognitive ability. The authors provide several examples of direct (i.e. the target of recognition is a conspecific) and indirect recognition (i.e. recognition of a reliable proxy rather than an individual, such as a den or a substrate) and discuss cases of familiar recognition (i.e. an animal remembers a conspecific but cannot tell what class it comes from or recognize its identity). Class-level recognition (i.e. an animal assigns a conspecific to an appropriate class of animals), and true individual recognition (i.e. an animal both identifies and recognizes a conspecific on an individual basis) are also addressed.

【イルカのコミュニケーションと認知】

29. Herzing, D.L. & C.M. Johnson (eds)

Dolphin Communication and Cognition: Past, Present, and Futures. Oct 2015, 320pp., Cloth (The MIT Pr.) ISBN 9780262029674 ¥6,910

Experts survey the latest research on dolphin communication and cognition, offering a comprehensive reference to findings in the laboratory and from the field.

【魚類における音声コミュニケーション】

30. Ladich, F. (ed)

Sound Communication in Fishes. ((Animal Signals and Communication, Volume 4) April 2015. IX, 244 p. 59 illus., 42 illus. in color. Hardcover (Springer) ISBN 9783709118450 ¥26,430

This volume examines fish sounds that have a proven signal function, as well as sounds assumed to have evolved for communication purposes. It provides an overview of the mechanisms, evolution and neurobiology behind sound production in fishes, and discusses the role of fish sounds in behavior with a special focus on choice of mate, sex-specific and age-specific signaling. Furthermore, it highlights the ontogenetic development of sound communication and ecoacoustical conditions in fish habitats and the influence of hormones on vocal production and sound detection. Sound Communication in Fishes offers a must-have compendium for lecturers, researchers and students working in the fields of animal communication, fish biology, neurobiology and animal behavior.

発達・教育心理学

【成人への移行期に関するハンドブック】

31. Arnett, J.J. (ed)

The Oxford Handbook of Emerging Adulthood. (Series: oxford Library of Psychology) Sept 2015, 656pp., Hardcover (Oxford U.P., USA) ISBN 9780199795574 ¥44,460

The Oxford Handbook of Emerging Adulthood is the first and only comprehensive compilation spanning the field of emerging adulthood. Expertly edited by Arnett, this Handbook is comprised of cutting-edge chapters written by leading scholars in developmental psychology. Topics include theoretical perspectives and structural influences in the field; cognitive development during emerging adulthood; family, friendship, and romantic relationships; sexual identity and orientation; education and work; leisure and media use; mental health; religious and political beliefs; positive development; and substance abuse and crime, to name a few. Sure to be the definitive resource for researchers, scholars, and students studying emerging adulthood, this Handbook will pave the way for new scholarship in this expanding area of inquiry and serve as an excellent resource for the wider field of developmental psychology.

【技術的遊びと脳の発達】

32. Bergen, D. et al.

Technology Play and Brain Development: Infancy to Adolescence and Future Implications. Sept 2015, 176pp., Hardback (Psychology Pr.) ISBN 9781848724761 ¥27,890 (Paperback 9781848724778 ¥9,290)

This book brings together current research on play development, learning technology, and brain development. The authors first navigate the play technology and brain development interface, highlighting the interactive qualities that make up each component. Next, they survey the changes in play materials and the variations in time periods for play that have occurred over the past 15-20 years, and then explain how these changes have had the potential to affect this play/brain developmental interaction. The authors also cover various types of technology-augmented play materials used by children at age levels from infancy to adolescence, and describe the particular qualities that may enhance or change brain development.

【ポジティブな若者の発達】

33. Bowers, E.P. et al. (eds)

Promoting Positive Youth Development: Lessons from the 4-H Study. (Advancing Responsible Adolescent Development) June 2015, XVI, 484pp. 2 illus. in color. Hardcover (Springer) ISBN 9783319171654 ¥28,630

Synthesizes the longitudinal evidence base on positive youth development (PYD) Provides an overview of relational developmental systems theories.

34. Cleary, T.J. (ed)

Self-Regulated Learning Interventions With At-Risk Youth: Enhancing Adaptability, Performance, and Well-Being. April 2015, 305pp., Hardcover (American Psychological Association) ISBN 9781433819872 ¥13,820

【教育心理学ハンドブック・第3版】

35. Corno, L. & E.M. Anderman (eds)

Handbook of Educational Psychology, 3rd Edition. July 2015, 584pp., Hardback (Routledge) ISBN 9780415894814 ¥43,390 (Paperback ISBN 9780805859713 ¥24,790)

The third edition of the *Handbook of Educational Psychology* is sponsored by Division 15 of the American Psychological Association. In this volume, thirty chapters address new developments in theory and research methods while honoring the legacy of the field's past. A diverse group of recognized scholars within and outside the U.S. provide integrative reviews and critical syntheses of developments in the substantive areas of psychological inquiry in education, functional processes for learning, learner readiness and development, building knowledge and subject matter expertise, and the learning and task environment.

【アイデンティティ形成、若さと発達】

Identity Formation, Youth, and Development: A Simplified Approach. July 2015,

220pp., Hardback (Psychology Pr.)

ISBN 9781848726734 ¥27,890

(Paperback 9781848726741 ¥9,290)

CONTENTS: **Part I: Philosophical and Conceptual Roots of the Identity Question.** 1. From Ageless Questions to Current Theories. 2. Culture and History: How Current Experiences Differ From the Past. 3. A Social Psychology of Identities and Their Formation. **Part II: Late-Modernity: Contextual Adaptations to Individualization Processes.** 4. Moral Reasoning: A Relational Basis of Individualized Identities. 5. Proactivity: Agency in Identity Formation. 6. Identity Capital: Strategic Adaptions to Late-Modern Societies. **Part III: The Transition to Adulthood: Developmental Contextualism Applied to Late-Modernity.** 7. Current Scientific Approaches to Self Development and Identity Formation. 8. Contexts of Identity Formation in Late-Modern Societies. 9. Identity Formation and the Potentials of Human Development.

37. Cummings, K.D. & Y. Petscher (eds)

The Fluency Construct: Curriculum-Based Measurement Concepts and Applications.

July 2015, I, 661pp. 65 illus., 22 illus. in color. Hardcover (Springer) 9781493928026 ¥28,630

【子供の安全と福祉】

38. Deb, S. (ed)

Child Safety, Welfare and Wellbeing: Issues and Challenges. Aug 2015, Approx. 375 p. Hardcover (Springer) ISBN 9788132224242 ¥28,630

This volume presents the unique features of child abuse and neglect and discusses proposed as well as experimented protective measures to create awareness about child rights and their implementation. Divided into four sections, the volume discusses (a) the nature and prevalence of child abuse and neglect, risk factors and impact; (b) issues pertaining to child rights with regard to nutrition, health and education; (c) rights of children with disabilities, HIV/AIDS, and in circumstances like disaster and adoption; and (d) field-based experiences of researchers in protecting child rights and preventing child abuse. The most important contribution of this volume is in providing an analysis of the current legal scenario of child protection, emphasizing the rights of different sections of vulnerable children.

【児童の遊び、ごっこ遊び、お話】

39. Douglas, S.L.

Children's Play, Pretence, and Story: Studies in Culture, Context, and ASD. Sept 2015, 256pp., Hardback (Psychology Pr.)

ISBN 9781848725430 ¥27,890

(Paperback ISBN 9781848725447 ¥9,290)

This book explores how storytelling and pretence interconnect, diverge, and influence each other in the course of de-

velopment – both in neurotypical children and in children with Autism Spectrum Disorder (ASD). This is the first collection to integrate these topics within a single volume and highlight how they are also mutually informative. Featuring contributions from an impressive mix of international play experts and thoroughly interdisciplinary in scope, this collection is of value to researchers and advanced students of developmental psychology, early childhood education, and psycholinguistics.

【算数能力の個人差・第2版】

40. Dowker, A.

Individual Differences in Arithmetic: Implications for Psychology, Neuroscience and Education.

Sept 2015, 384pp., Hardback (Psychology Pr.) ISBN 9781138800335 ¥27,890

(Paperback 9781138800342 ¥10,840)

This book will synthesise research conducted by the author and others on the subject of arithmetical ability and present strong evidence to support a componential view of arithmetic. The book examines arithmetical cognition in children, healthy adults and neuropsychological patients, ensuring that each of the central components of arithmetic is covered. Within this volume, findings from developmental, educational, cognitive and neuropsychological studies are integrated in a unique approach.

【議論を呼ぶ自閉症および知的障害の治療法・第2版】

41. Foxx, R.M. & J.A. Mulick

Controversial Therapies for Autism and Intellectual Disabilities: Fad, Fashion, and Science in Professional Practice, 2nd Edition. 2015, 576pp., Hardback (Routledge) ISBN 9781138802223 ¥29,440

(Paperback ISBN 9781138802230 ¥16,110)

This book brings together leading behavioural scientists and practitioners to shed much-needed light on the major controversies surrounding approaches to early intervention, education, therapy, and remediation for people with developmental disabilities. This second edition has been fully revised and updated and includes entirely new chapters on psychology fads, rapid prompting, FAPE advocacy, BCBA practices and beliefs, and teaching ethics. The book concludes with a brief parents' guide to autism treatments.

【児童監護評価ハンドブック】

42. Goldstein, M.L. (ed)

Handbook of Child Custody. July 2015, I, 724 p. Hardcover (Springer) 9783319139418 ¥50,450

Contributors offer steps for gathering more accurate family data through home observations, interviews, and collateral information. Chapters examine psychological assessment tools commonly used in evaluations, including measures relating to parenting competencies, mental illness, domestic violence, and substance abuse, and consider increasingly salient issues such as relocation and families in therapy. The section on case studies shows best practices applied in real-life custody situations, and a chapter authored by a family court judge offers rarely-seen perspective from the bench.

【メンタルヘルスにおける集団中心の実践】

43. Harpine, E. Clanton

Group-Centered Prevention in Mental Health: Theory, Training, and Practice. July 2015, I, 357pp. Hardcover (Springer)

ISBN 9783319191010 ¥22,020

CONTENTS: 1. What Is Group-Centered Prevention?.- 2. What Is the Role of Group Dynamics?.- 3. Why Is Group Process Important in Group Prevention?.- 4. How Can a Group Best Achieve Cohesive Group Interaction?.- 5. Are Prevention Groups Therapeutic?.- 6. Is Intrinsic Motivation Better Than Extrinsic Motivation?.- 7. Is Self-Efficacy More Important than Self-Esteem?.- 8. Are There Stages of Development with a New Group?.- 9. What Kind of Training does a Group-Centered Preventionist Need?.

Power of Peers in the Classroom: Enhancing Learning and Social Skills. August 2015, 306pp., Hardback (Guilford)

ISBN 9781462521074 ¥15,810

(Paperback ISBN 9781462521067 ¥6,910)

Peer support and social relationships have a tremendous influence on development, motivation, and achievement for all students, including struggling learners and those with disabilities. This highly practical book is one of the few resources available to guide classroom teachers and special educators in the application of peer-assisted instructional strategies in grades K-12. Expert contributors describe evidence-based approaches for building students' skills in reading, writing, math, and other content areas, as well as social competence and executive functioning. Sample lessons and more than a dozen reproducible tools are provided.

A Mindfulness Intervention for Children with Autism Spectrum Disorders: New Directions in Research and Practice. (Mindfulness in Behavioral Health) June 2015, I, 218pp. 20

illus., 3 illus. in color. Hardcover (Springer)

ISBN 9783319189611 ¥22,020

This book presents emerging research on the effectiveness of mindfulness methods in reducing behavior problems associated with autism spectrum disorders (ASD) in children. The volume synthesizes current research and theories on the therapeutic uses of mindfulness, specifically for people living with developmental disabilities. In addition, it examines a promising new study in which mothers of children with ASD learn mindfulness techniques for their own use and are then trained to teach the methods to their children.

Development from Adolescence to Early Adulthood: A Dynamic Systemic Approach to Transitions and Transformations. (Series: Explorations in Developmental Psychology) July 2015, 192pp., Hardback (Routledge)

ISBN 9780415640091 ¥27,890

Traditionally the subject of adolescent development has been explored using a stage based approach, with the potential pitfalls and upsets of adolescence often focussed upon. In this book the authors draw on a wealth of research to examine the period of development from adolescence to adulthood using a dynamic system approach; examining realistic, multi-variable explanations to the transitions and consequent transformations that occur in young people as they face this time in their life. The book considers the social institutions, interactions, contexts and relationships that interact and influence each other in normal positive development.

Home Visitation Programs: Preventing Violence and Promoting Healthy Early Child Development. July 2015, Approx. 280 p. Hardcover (Springer) ISBN 9783319179834 ¥22,020

This timely resource analyzes home visits as a primary intervention for at-risk families with infants and young children and details innovative programs for home service delivery. Focusing on family violence, mental illness and alcohol and substance abuse as major challenges to child development, the book presents practical strategies for home visitors to address and prevent problems while fostering an improved environment for raising children. Contributors offer a realistic framework for planning, developing, and training an effective home visitation workforce and tailoring interventions to fit individual family dynamics. And the book's international focus provides a variety of perspectives on evidence-based programs that support families raising children in distressed neighborhoods.

58. Roth, Wolff-Michael

Concrete Human Psychology: Toward a Biologically Plausible Approach. Sept 2015, 240pp., Hardcover (Psychology Pr.) ISBN 9781138833098 ¥27,890

(Paperback ISBN 9781138833104 ¥9,290)

L.S. Vygotsky, as A.N. Leont'ev after him, worked towards establishing a concrete psychological science, that is, a science that studies and theorizes psychological phenomena in the concrete manner in which these play themselves out in the everyday lives of people. Although there exists a lot of literature on their work, their project of a concrete human psychology has never been the focus of scholarly inquiry. Wolff-Michael Roth takes up the challenge in this volume and articulates a contemporary, empirically grounded realization of a concrete human psychology.

59. Schore, A.N.

Affect Regulation and the Origin of the Self: The Neurobiology of Emotional Development. Sept 2015, 736pp., Hardback (Psychology Pr.) ISBN 9781138917064 ¥38,740

(Paperback ISBN 9781138917071 ¥12,390)

Decades ahead of its time, *Affect Regulation and the Origin of the Self* was the first volume to bring together the disparate fields of developmental psychology, psychiatry, and the neural sciences. At the time of its publication, it was the only volume to supply psychological researchers and clinicians with relevant developmental neurobiological findings and insights, and expose neuroscientists to recent developmental psychological and psychoanalytic studies of infants. Today, it's a classic, a superb integrative work, and a must-have reference for any scholar wishing to locate their work within a much broader history of the study of the mind.

60. Schultz, B.K. & S.W. Evans

A Practical Guide to Implementing School-Based Interventions for Adolescents with ADHD. July 2015, 347 p. 15 illus., 6 illus. in color. Hardcover (Springer) ISBN 9781493926763 ¥11,010

The Nine Degrees of Autism: A Developmental Model for the Alignment and Reconciliation of Hidden Neurological Conditions. Sept 2015, 190pp., Hardback (Routledge)

ISBN 9781138887169 ¥27,890

(Paperback 9781138887176 ¥5,260)

This book presents a much-needed positive tool for understanding the developmental process of autism, and to facilitate the improved mental health and well-being of individuals on the spectrum. The ground-breaking model charts nine distinct stages of development - from pre-identification, to learning to live with changes in self-image following a late diagnosis, through to self-acceptance and wellbeing. Using the model as a framework each chapter focuses on a particular stage of the process. Experts provide personal insights into the environmental and societal challenges faced by individuals with autism, and dispel a number of popular misconceptions.

66. Zaff, J.F. (ed)

Comprehensive Community Initiatives for Positive Youth Development. Sept 2015, 350pp., Hardback (Psychology Pr.)

ISBN 9781138824805 ¥27,890

(Paperback ISBN 9781138824812 ¥9,290)

Beginning in the 1990s, policymakers, foundations, and practitioners considered the potential of comprehensive community initiatives (CCIs) that could attend to the complex needs and strengths of low-income children, youth, and families. While these CCIs have been in effect for decades, we've only recently begun to understand their productive role. *Comprehensive Community Initiatives for Positive Youth Development* provides academics with the most rigorous research and extant knowledge of CCIs to provide theoretically grounded insights into the relevance of CCIs to child and youth development, and the facets that can optimize their effectiveness.

The Social Psychology of Intractable Conflicts: Celebrating the Legacy of Daniel Bar-Tal, Volume I. (Peace Psychology Book Series, Volume 27) June 2015, Approx. 275 p. 2 illus., 1 illus. in color. Hardcover (Springer)

ISBN 9783319178608 ¥22,020

This volume works explores a transferable theory of a specific social-psychological infrastructure, based on the work of Dr. Daniel Bar-Tal that develops from cultures immersed in intractable conflicts. The book's approach to this issue is different from approaches that are predominant in social psychology. This is because an important inspiration of many scholars that contributed to the book is their everyday experience of living in a region where intractable conflict shapes the life's of everybody who lives there. On the basis of this experience and on the basis of extensive research, an elaborate theory of intractable conflict was developed that deals with the origin of such conflicts, the mechanisms that maintain them and the processes that may contribute to their peaceful solution.

91. Hofmann, W. & L. Nordgren (eds)

The Psychology of Desire. Sept 2015, 478pp., Hardback (Guilford) ISBN 9781462521609 ¥16,790

Providing a comprehensive perspective on human desire, this volume brings together leading experts from multiple

psychological subdisciplines. It addresses such key questions as how desires of different kinds emerge, how they influence judgment and decision making, and how problematic desires can be effectively controlled. Current research is reviewed on underlying brain mechanisms and regulatory processes. Cutting-edge measurement tools are described, including practical recommendations for their use. The book also examines pathological forms of desire and the complex relationship between desire and happiness.

94. Madsen, O.J.

Optimizing the Self: Social Representations of Self-Help. (Series: Cultural Dynamics of Social Representation) July 2015, 240pp., Hardback (Routledge) ISBN 9781138909670 ¥27,890

This book provides an analysis of the social representations of leading self-help genres, including neurolinguistic programming, cognitive self-help therapy, mindfulness, self-management, self-esteem, self-leadership and self-control. Exploring the globalised therapeutic culture of today, the book argues that psychology as 'science' is often abandoned to aid the individual pursuit for self-realization and self-optimization. Opposing the view that self-help culture is external to psychology, Madsen argues that it is firmly embedded within psychology, playing an important role in people's lives.

Handbook of Prejudice, Stereotyping, and Discrimination, 2nd Edition. Aug 2015, 544pp., Hardback (Psychology Pr.)

ISBN 9781848726680 ¥60,440

(Paperback 9781848726697 ¥23,240)

This Handbook is a comprehensive and scholarly overview of the latest research on prejudice, stereotyping, and discrimination. The Second Edition provides a full update of its highly successful predecessor and features new material on key issues such as political activism, economic polarization, minority stress, same-sex marriage laws, dehumanization, and mental health stigma, in addition to a timely update on how victims respond to discrimination, and additional coverage of gender and race. All chapters are written by eminent researchers who explore topics by presenting an overview of current research and, where appropriate, developing new theory, models, or scales. The volume is clearly structured, with a broad section on cognitive, affective, and neurological processes, and there is inclusion of studies of prejudice based on race, sex, age, sexual orientation, and weight. A concluding section explores the issues involved in reducing prejudice.

Psychology and the Conduct of Everyday Life. Aug 2015, 312pp., Hardback (Routledge) ISBN 9781138815117 ¥27,890

(Paperback 9781138815124 ¥9,290)

This original and innovative volume offers a basic introduction to the psychological study of the conduct of everyday life in contemporary society. It moves psychological theory and research practice out of the laboratory and into the real world, focusing on the question of how human beings live their everyday life as active subjects and using this as a basic for understanding the dilemmas and contradictions we are confronted with in our lives.

Discursive Psychology: Classic and Contemporary Issues. (Series: Explorations in Social Psychology) Aug 2015, 320pp., Hardback (Routledge) ISBN 9780415721608 ¥27,890

Discursive Psychology is the first collection to systematically and critically appraise the influence and development of its foundational studies, exploring central concepts in social psychology such as attitudes, gender, cognition, memory, prejudice, and ideology. The book explores how discursive psychology has accommodated and responded to assumptions contained in classic studies, discussing what can still be gained from a dialogue with these inquiries, and which epistemological and methodological debates are still running, or are worth reviving.

APA Handbook of Men and Masculinities.
 June 2015, 544pp., Hardcover (American Psychological Association) ISBN 9781433818554 ¥39,330

The psychology of men and masculinities is a broad, interdisciplinary field devoted to the study of how men's and boys' lives are shaped by biopsychosociocultural influences as well as the constellation of meanings associated with the male biological sex. The use of the term "masculinities" reflects the editors' belief that there are diverse meanings associated with being male that vary across time, situations, social groups, and cultures. In the past three decades, there has been an exponential growth in empirical psychological research on men and masculinities, although this emerging body of research has yet to be appropriately summarized, synthesized, and critically evaluated. This APA handbook addresses that lack with a strong focus on psychological science. It tackles the full spectrum of the theoretical, empirical, and practical, not only focusing on the extant literature in traditional areas of men and masculinities, but also highlighting new and emerging scholarship.

This evidence-rich collection takes on the broad diversity of traumatic stress, in both its causes and outcomes, as well as the wide variety of resources available for recovery. Its accessible coverage shows varied presentations of post-traumatic stress affected by individual, family, and group contexts, including age, previous trauma exposure, and presence or lack of social resources, as well as long-term psychological, physical, and social consequences. Contributors focus on a range of traumatic experiences, from environmental disasters (wildfires, Hurricane Katrina) to the Holocaust, from ambiguous loss to war captivity. And the book's final section, "Healing after Trauma," spotlights resilience, forgiveness, religion, and spirituality, using concepts from positive psychology.

CBT and Christianity: Strategies and Resources for Reconciling Faith in Therapy. Aug 2015, 384pp., Cloth (Wiley) ISBN 9780470683255 ¥19,750 (Paperback 9780470683248 ¥9,870)

While Cognitive Behavioral Therapy (CBT) is an empirically-supported treatment, many behavioral and analytical psychotherapists also recognize the healing potential of religious belief. CBT and Christianity offers CBT therapists an authoritative, practical, and comprehensive resource for counseling clients with an allegiance to the Christian faith. This innovative new treatment approach compares the teachings of Jesus to contemporary cognitive and mindfulness-based therapies, describing a variety of successful assessment and treatment approaches with Christian clients by incorporating the teachings of Jesus into logical thinking, schema modification, and committed behavior change. Clarity is further enhanced through a variety of specific examples, descriptions of generic methods, and supplemental resources provided by the author.

Women's Mental Health: Resistance and Resilience in Community and Society. (Advances in Mental Health and Addiction) June 2015, XXXII, 428 p. 7 illus., 2 illus. in color. Hardcover (Springer) ISBN 9783319173252 ¥28,630

This book focuses on the social and societal context of women's mental health. Drawing from multidisciplinary perspectives and scholarship, it pays particular attention to how women's mental health is experienced at the personal level, yet it is influenced by their relationships and interacts with the larger societal context (such as prevailing gender equality policies, income distribution, role burden, peace and security). Specific attention is given to the positive aspects of women's mental health (such as agency, resilience) and how women's personal relations across diverse domains (such as family, work, neighbourhoods) are constructed and influenced by, and in turn influence, broader societal structures/ policies/ opportunities. A unique feature of this book is that, at the end of each chapter, there is a Response section written by a non-academic such as a community member, practitioner or policy maker in which the invited authors respond to the chapter texts in the form of narrative, poetry, and/or prose, according to their various backgrounds, interests, and experiences.

Forgiveness and Spirituality in Psychotherapy: A Relational Approach. Aug 2015, 296pp., Hardcover (American Psychological Association) ISBN 9781433820311 ¥13,820

This book presents a model of forgiveness and relational spirituality based on clinical practice and supported by empirical research. Worthington and Sandage bring together decades of experience as both researchers and clinicians to show the differing ways in which spiritual and religious experiences can shape concerns, values, and practices that may facilitate or hinder forgiveness among clients. Their model highlights relational factors (attachment and differentiation) and action-oriented interventions for emotion regulation. Applications are described for short-term therapy, long-term therapy, couple and family therapy, and group therapy.

136. Boehm-Davis, D.A. et al. (eds)

APA Handbook of Human Systems Integration. (APA Handbooks in Psychology and APA Reference Books) April 2015, 625pp., Hardcover (American Psychological Association) ISBN 9781433818288 ¥39,330

The *APA Handbook of Human Systems Integration* is a practical tool for both students and professionals who need specific knowledge about human considerations in systems design. It is intended to sensitize readers to basic design issues, enhance their understanding of the influence of these issues, and guide them in appropriately combining human performance with a system's numerous interacting components. A central tenet of this book is that it is not sufficient to examine items independently — one must go beyond a focus on individual workers, tools, tasks, or environments. Thus, the handbook is a "how to" resource that reflects the state-of-the-art on work in this enterprise.

New Employee Safety: Risk Factors and Management Strategies. June 2015, XI, 163pp. 9 illus. Hardcover (Springer) ISBN 9783319186832 ¥13,210

This reference introduces an innovative new employee safety risk model, keyed to a typical new worker becoming acclimated to a new job and workplace. It reviews risk factors, their root causes, and how they can be addressed and minimized through targeted strategies at each stage of a worker's early months on the job. The model and its supporting findings dovetail with current thinking on employee safety and organizational accountability. And, of extra benefit to employers, the risk management strategies to improve new employee safety can be undertaken with minimal expenditure of time, money, and disruption.

Handbook on Well-Being of Working Women. July 2015, 870pp., Hardcover (Springer) ISBN 9789401798969 ¥54,850

This handbook provides an overview and synthesis of relevant literature related to the issue of the well-being of working women. This focus addresses a gap that currently exists in the quality-of-life and well-being fields. The work of the authors answers the following broad questions: Does gender matter in the well-being of working women? Do prejudices against and stereotypes of women still play a role in inter-personal interactions in the workplace that could hinder women from flourishing professionally? Does the organizational context, such as organizational culture, reward systems, and leadership, contribute to the well-being of working-women? What impact does the national context have on the well-being of working women? And finally, how can public policies help enhance the well-being of working women? These are important issues for academics, researchers, and graduate students interested in gender issues in the fields of management, sociology, psychology, social psychology, economics, and quality of life studies.

Work and Family Interface in International Career Context. June 2015, X, 235 p. 4 illus., 2 illus. in color. Hardcover (Springer)
ISBN 9783319176468 ¥22,020

This book focuses on the interface of work and personal life of international professionals. It provides novel knowledge on the topic from different perspectives, highlighting not only the inherent challenges but also the positive side of working in a modern globalized world and living an expatriate life. The globalization of business has led to an increasing number of people who work in international business environment either through working abroad on different kinds of assignments or through international travelling. Studies show that international professionals and their families face various challenges due to challenging jobs requiring different kinds of international mobility from shorter-term job trips to more long-term assignments. On the other hand, working in international environment may offer an interesting and stimulating working and living environment both for the professionals and their families and therefore it is important to understand the positive side of this phenomena. This book analyzes and discusses the challenges and positive aspects of international work for the professionals and their families from different perspectives.

リーダー・メンバー交換(LMX)ハンドブック The Oxford Handbook of Leader-Member Exchange

Series: Oxford Library of Psychology

Edited by **Talya N. Bauer**, Cameron Professor of Management, Portland State University
and **Berrin Erdogan**, Professor of Management, Portland State University

2015年9月出版予定 640ページ ハードカバー ISBN 9780199326174 ¥34,580

Leader-member exchange is the foremost dyadic leadership theory. According to this approach, high-quality trust- and respect-based relationships between leaders and employees are the cornerstone of leadership. *The Oxford Handbook of Leader-Member Exchange* takes stock of the literature to examine its roots, what is currently known, research gaps, and future opportunities.

Contents

Part One: Foundations of Leader-Member Exchange (LMX)

1. Introduction to This Handbook (Talya N. Bauer & Berrin Erdogan). 2. Leader-Member Exchange (LMX): Construct Evolution, Contributions, and Future Prospects for Advancing Leadership Theory (David V. Day & Darja Miscenko). 3. LMX Measurement (Robert C. Liden, Junfeng Wu, Aarn Xiaoyun Cao & Sandy J. Wayne). 4. Leader-Member Exchange (LMX) from the Resource Exchange Perspective: Beyond Resource Predictors and Outcomes of LMX (Jared C. Law-Penrose, Kelly Schwind Wilson & David Taylor). 5. Leader-Member Exchange and Justice (Suzanne S. Masterson & Marcia L. Lensges).

Part Two: Antecedents of LMX

6. How and Why High Leader-Member Exchange (LMX) Relationships Develop: Examining the Antecedents of LMX (Jennifer D. Nahrgang & Jungmin Jamie Seo). 7. Leader and Follower Personality and LMX (Brigit Schyns).

Part Three: Consequences of LMX

8. LMX and Work Attitudes: Is There Anything Left Unsaid or Unexamined? (Olga Epitropaki & Robin Martin). 9. Leader-Member Exchange and Performance: Where We Are and Where We Go from Here (Fadel K. Matta & Linn Van Dyne). 10. LMX and Creativity (Pamela Tierney). 11. Leader-Member Exchange from a Job-Stress Perspective (Sabine Sonnentag & Alexander Pundt). 12. Leader-Member Exchange and Emotion in Organizations (Herman H. M. Tse, Ashlea C. Troth & Neal M. Ashkanasy). 13. Leader-Member Exchange and Newcomer Adjustment (Le Zhou & Mo Wang). 14. Consequences of High LMX: Career Mobility and Success (M.L. Kraimer, S.E. Seibert & Stacy L. Astrove).

Part Four: LMX Beyond the Dyad

15. LMX Differentiation: Understanding Relational Leadership at Individual and Group Levels (Smriti Anand, Prajya R. Vidyarthi, & Hae Sang Park). 16. Tracing Structure, Tie Strength, and Cognitive Networks in LMX Theory and Research (Raymond T. Sparrowe & CScile Emery). 17. Leader-Member Exchange and Organizational Culture and Climate (VicentŠ Gonz lez-Rom).

Part Five: Issues in LMX
